

STONE FRUIT

ANTI-STRESS 550® is a non-toxic, biodegradable, water-based polymer concentrate. Applied as a foliar spray, Anti-Stress 550® creates a unique semi-permeable, elastic membrane that reduces moisture loss and insulates plants.

Benefits of **ANTI-STRESS 550®** on Stone Fruit

- Reduces damage to buds, blooms and fruit during periods of frost and freeze, high heat/water stress or wind.
- Will not inhibit pollination.
- Allows for normal stomatic activity and does not interfere with photosynthesis.
- Allows for unrestricted plant growth permitting leaf and plant flexibility.

Application of **ANTI-STRESS 550®**

- A 1% - 5% solution of Anti-Stress 550® should be applied (1 – 5 gallons of Anti-Stress 550®/100 gallons of water).
- Apply as needed at budburst, after petal fall and fruit set, or during growing stages.
- Anti-Stress 550® may be applied with most types of conventional farm, orchard or ground spray equipment.
- Sufficient spray pressure/volume must be used to dispense Anti-Stress 550® over and throughout the entire tree surface.
- Application is effective for 30 – 45 days. Will not wash off with normal rainfall.

Available in 2.5 gallon containers, 30 & 55 gallon drums, and 250 & 275 gallon totes.

Pesticide use permit not required / Applicators License not required
Anti-Stress 550® is exempt from reporting by California requirements
Not a Pesticide
